## DAMAGING TO DR. CRIPPEN

### WOMAN IDENTIFIES HAIR AND CLOTHING OF BODY.

The Trial Was Adjourned to Sept. 14, After Considerable Testimony Introduced.

London, Sept. 8.—In entering upon the trial of Dr. Crippen the Crown stated that Miss Leneve would only be considered as an accessory after the fact.

The first witness called was Mrs. Adeline Harrison, whose acquaintance with the murdered woman extended over a period of twelve years. She testified that she recognized strands of hair found when the body was uncovered similar to that worn by Belle Elmore. She also identified some underwear and testified that she had seen a scar on the lower part of the body of the dead woman similar to the one caused by the operation.

The chemist who sold hyoscin, a deadly poison, to Dr. Crippen, testified that the doctor stated on purchasing the drug, that he wished to use it in the preparation of some homeopathic medicine.

After the examination of Inspector Dew, who on cross examination testified that though portions of the body were decomposed other bits of flesh remained firm and when cut appeared fresh, the trial adjourned to September 14.

### At the Airdome.

"Three Weeks" as presented last night was one of the best plays presented by Miss Buchanan and company. While the story and book are not the kind that recommend themselves to many people, the play last night was as harmless as it could be made and there have been plays presented here that were much worse. There was a good attendance and nothing but favorable comments were heard. Tonight the bill is "Zaza," the play made famous by Mrs. Leslie Carter. This part of Miss Buchanan's masterpiece and she has proven her ability to handle the part in an unusually fine manner. The supporting company is all that could be desired. It is expected that little Miss Niel will take the child's part in tonight's production.

### MOVED TO AVOID VIOLENCE.

Man Convicted of Wife Murder is Taken From Marlin Jail.

Waco, Sept. 8.—Hearing that thirty or forty men were forming a mob at Marlin to lynch Ben Myatt, under the death penalty for the murder of his wife, Sheriff Poole of Falls county placed Myatt in an auto and brought him to Waco after midnight. Myatt was chained and handcuffed and was kept here until the Katy Flyer went north this morning, when he was taken to Dallas, it is believed.

### Not in Dallas Jail.

Dallas, Tex., Sept. 8.—According to a statement made this morning at the Dallas county jail, Ben Myatt, the man named above, has not been locked up in the Dallas county jail for safe-keeping. ## END OF SESSION IS NEAR

### PENITENTIARY BILL WAS ADOPTED BY THE HOUSE.

Fear Governor Campbell May Veto Measure Because He Cannot Make Appointments.

Austin, Tex., Sept. 8.—A motion by Representative Looney that the House conference committee be instructed to agree to the provision that the penitentiary bill be not effective until Jan. 20, 1911, was adopted by the House this morning after considerable debate and after a substitute had been voted down, 47 to 19, which would have made the commissioner's elective instead of appointive. Representative Looney's proposal was adopted by a vote of 77 to 19. The Senate is likely to agree, but it is feared that Gov. Campbell will veto the bill because it does not permit him to name the commissioners. The House conferees were also instructed to agree to cut out all appropriations leaving this responsibility to the incoming administration.

By a vote of 53 to 34, the House today adopted the concurrent resolution endorsing the disfranchisement of the negroes.

A resolution was adopted inviting Governor Campbell to speak to the House at the close of the session.

## COTTON RATES ADVANCED

### MORGAN AND MALLORY LINES TO GO FROM 18 TO 20 CENTS.

Raises on Vessels Will Soon Absorb the Reduction Ordered on Railroads.

Dallas, Tex., Sept. 8.—It is understood that a recent advance in cotton rates will go into effect over the Morgan and Mallory lines, the rate being advanced from 18 cents to 20 cents, and according to effective Sept. 10, S. A. Reed, assistant general freight agent of the Houston and Texas Central railway, stated this morning that this was true.

W. C. Preston, general freight agent of the Frisco, headquarters of which is in the city, this morning commented on the advance made in regard to rates being raised by the different steamship companies. "That cuts in two the reduction of 1 cent made by the railroads of Texas, making the shipping price of cotton in reality 53 cents," said Mr. Preston. "I consider it likely that we shall later hear of raises that will completely absorb the 4-cent reduction."

### TOWN HAS NO WATER.

Santa Fe Rushing Supply—Farmers Crowd the Streets.

Dallas, Tex., Sept. 8.—The Santa Fe railway is rushing trains to Ladonia and Merit, Texas, laden with water for the suffering citizens. According to reports that section of Texas has suffered terribly, the recent rainfall not relieving the tenacity of the situation. Advances received at the downtown freight office of the Santa Fe this morning state that the farmers from the district around Ladonia are coming to town for the water being brought by the railway. The dispatch on file at the Santa Fe office states that today there are fifty wagons of farmers in town for that purpose.

So serious has the situation become that the Santa Fe is sending water to the above places at a purely nominal freight cost, having received an emergency order allowing them to do so in view of the gravity of the case. Every effort is being made by the railroad to better conditions.
